

Notice of Privacy Practices

WASHINGTON INSTITUTE
ORTHOPEDIC CENTER

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

We are required by law to maintain the privacy of your health information. We are also required to give you this Notice about our privacy practices, legal obligations, and your rights concerning your health information ("Protected Health Information" or "PHI"). We must follow the privacy practices that are described in this Notice (which may be amended from time to time).

Uses and Disclosures of Protected Health Information

Permissible Uses and Disclosures Without Your Written Authorization

We may use and disclose PHI without your written authorization for certain purposes as described below. The examples provided in each category are not meant to be exhaustive, but instead are meant to describe the types of uses and disclosures that are legally permissible.

Treatment

We may use and disclose PHI in order to provide treatment to you. For example, we may review and use your medication history to diagnose, treat, and provide medical services to you. In addition, we may disclose PHI to other health care providers in order to provide you with appropriate care and continued treatment.

Payment

We may use or disclose PHI for the purposes of determining coverage, billing, claims management, and reimbursement. For example, a bill sent to your health insurer may include information about a surgery you received so that the insurer will pay us for the surgery. We may also inform your health plan about a treatment you are going to receive in order to determine whether the plan will cover the treatment.

Health Care Operations

We may use and disclose PHI in connection with our health care operations, including quality improvement activities, training programs, accreditation, certification, licensing or credentialing activities. For example, we may use PHI to review our treatment and services and to evaluate the performance of our staff. We may also disclose PHI to our health care professionals for review and learning purposes.

Required or Permitted by Law

We may use or disclose PHI when we are required or permitted to do so by law. For example, we may disclose PHI to appropriate authorities if we reasonably believe that you are a possible victim of abuse, neglect, or domestic violence or the possible victim of other crimes. In addition, we may disclose PHI to the extent necessary to avert a serious threat to your health or safety or the health or safety of others. Other disclosures permitted or required by law include the following: disclosures for public health activities; health oversight activities including disclosures to state or federal agencies authorized to access PHI; disclosures to judicial and law enforcement officials in response to a court order or other lawful process; disclosures for research when approved by an institutional review board; disclosures for workers' compensation claims, and disclosures to military or national security agencies, coroners, medical examiners, and correctional institutions as authorized by law.

Permissible Uses and Disclosures That May Be Made Without Your Authorization, But For Which You Have An Opportunity to Object

Fundraising

We may use PHI to contact you in an effort to raise money for our operations. We may also disclose PHI to a foundation that is related to us so that the foundation may contact you in an effort to raise money for its operations. Any fundraising communications with you will include a description of how you may opt out of receiving any further fundraising communications.

Family and Other Persons Involved in Your Care

We may use or disclose PHI to notify, or assist in the notification of (including identifying or locating), a family member, your personal representative, or another person responsible for your care, of your location, your general condition, or death. If you are present, then we will provide you with an opportunity to object prior to such uses or disclosures. In the event of your incapacity or emergency circumstances, we will disclose PHI consistent with your prior expressed preference that is known to us, and in your best interest as determined by our professional judgment. We will also use our professional judgment and our experience to make reasonable inferences of your best interest in allowing a person to pick up filled prescriptions, medical supplies, x-rays, or other similar forms of PHI.

Disaster Relief Efforts

We may use or disclose protected PHI to a public or private entity authorized by law or its charter to assist in disaster relief efforts for the purpose of coordinating notification of family members of your location, general condition, or death.

Uses and Disclosures Requiring Your Written Authorization

Psychotherapy Notes

We must obtain your authorization for any use or disclosure of psychotherapy notes, except if our use or disclosure of psychotherapy notes is: (1) by the originator of the psychotherapy notes for treatment purposes, (2) for our own training programs in which mental health students, trainees or practitioners learn under supervision to practice or improve their counseling skills, (3) to defend ourselves in a legal proceeding initiated by you, (4) as required by law, (5) to a health oversight agency with respect to the oversight of the originator of the psychotherapy notes, (6) to a coroner or medical examiner; or (7) to prevent or lessen a serious and imminent threat to the health or safety of a person or the general public.

Marketing Communications

Sale of PHI. We must obtain your written authorization prior to using or disclosing PHI for marketing or the sale of PHI, consistent with the related definitions and exceptions set forth in HIPAA.

Other Uses and Disclosures

Uses and disclosures other than those described in this Notice will only be made with your written authorization. For example, you will need to sign an authorization form before we can send PHI to your life insurance company or to your attorney. You may revoke any such authorization at any time by providing us with written notification of such revocation.

Your Individual Rights

Right to Inspect and Copy

You may request access to your medical records and billing records maintained by us in order to inspect and request copies of the records. All requests for access must be made in writing. Right to Alternative Communications

You may request, and we will accommodate, any reasonable written request for you to receive PHI by alternative means of communication or at alternative locations.
